FFD Commercial Refrigeration specialise in supplying professional refrigeration equipment to the foodservice and hospitality industry. Having been a dominant online presence in excess of 10 years we have a proven history of delivering expert advice and exceptional service to our customers. Our mission is to work with every business to help them locate the perfect piece of equipment concerning size, capacity, use and specific features and all within a budget that works for them. Our service doesn't stop there... We also offer a dedicated after sales service, ensuring that our customers always feel supported from the beginning of the process, right through until they no longer need us. Specialising in solid door catering

refrigeration, glass door display fridges and freezers, bottle coolers and other bar refrigeration, ice machines, cold rooms, cellar cooling plus so much more, we can meet all of your commercial refrigeration needs. At FFD, we work closely with some of the biggest and most respected manufacturers in the commercial refrigeration sector including Foster, True, Tefcold, Hoshizaki Gram, Scotsman, Blue Ice and Williams plus many more trusted brands. Our strong working relationships with these companies allows us to provide among some of the most competitive prices on the internet ensuring that our customers not only receive quality equipment and exceptional service but also value for money.
